# Muhammad Fahad Memon

Freelance Full-Stack Software Engineer & Graphic Designer |  
Helping Businesses Grow with High-Quality Web & Design Solutions  
Hyderabad, Sindh, Pakistan

## Summary

Many businesses struggle to find a reliable freelance full-stack developer and graphic designer who can handle both website development and design professionally.

Slow websites, poor UI/UX, and weak communication often lead to lost customers and slow business growth.

I'm a Freelance Full-Stack Software Engineer, Web Developer & Graphic Designer.

I help startups and businesses build high-performance web applications, modern websites, and clean UI/UX designs that are scalable, user-friendly, and business-focused.

## What I deliver:

- Full-stack web development solutions
- Fast, secure, and scalable web applications
- Clean UI/UX and professional graphic design
- Clear communication and on-time delivery

## Trusted by clients and companies:

- AppsXone IT Solutions
- Fahad Graphic and Developer
- Visionary Arc Films
- Hafiz Brothers Property
- Arena Multimedia Hyderabad
- Tech20Four (Pvt) Ltd
- and other local & international clients

My work has helped businesses improve website performance, user experience, and overall digital presence.

If you're looking for a freelance full-stack software engineer or graphic designer for your next project:

Send me a message on LinkedIn — I usually reply within 24 hours and would be happy to discuss your project.

Let's build something simple, fast, and effective together.

---

## Experience

**AppsXone IT Solutions**

2 years 4 months

**Back End Developer**

October 2023 - Present (2 years 4 months)

Hyderabad, Sindh, Pakistan
